Environmental Policy Statement Re: ISO 14001

Cambridge Electronic Industries Ltd recognises its responsibility towards the protection of the environment, and in August 2007 issued an Environmental Policy Statement as a commitment of both management and employees to minimising the environmental impact of its operations. This Statement is available on the company [website](#) .

The organisation is conscious of its responsibility to operate in a way that protects the environment for current and future generations. As a result, it aims to comply with all statutory and regulatory environmental requirements and where no such requirements exist, endeavours to operate to standards that are considered to be best practice.

ISO 14001

Cambridge Electronic Industries Ltd is not certified to ISO 14001. Due diligence is regularly undertaken and it is confident that it complies with ISO 14001 standards.

In particular, self assessment takes place on the following aspects of potential environmental impact: -

- Air Emissions
- Water Management
- Waste Management
- Identification, Storage and Management of Hazardous Materials
- Soil and Groundwater Protection
- Noise Control
- Resource Consumption
- Other Environmental Impacts, e.g. Odour, Dust, Vibration, Visual.

Regular reviews take place to ensure ongoing compliance.
